ADAM RAGA DOES WELL IN *TOULOUSE* AND *BARCELONA* INDOOR TRIALS

The first week of February was very busy for Adam Raga. Mid-week began with a marathon drive in the TRS factory race truck to Toulouse France for the February 3rd Friday-night Indoor Trial in the Zenith Arena, which was packed to capacity with more than 10,000 spectators as they witnessed a superb Trial. **Adam Raga** maintained the top position on the leader-board throughout the event and fought until the end. Finally, it was Toni Bou winning at the end of an exciting evening of trial, which was dominated from the beginning to the very last section by **Adam Raga**, who suffered a failure in the last section, the waterfall.

After Toulouse, without taking a breath, the TRS team van journeyed back to Barcelona for the February 5th Sunday evening 40th anniversary Barcelona Indoor Trial. Once again, the spectators witnessed **Adam Raga** engage in another furious fight for the win, ultimately again arriving in the second position behind Toni Bou.

We would like to welcome another new dealer to our TRS-USA group

Mr. Ron Rivenburgh of “Northwest Cycle” will be representing the TRS brand in Illinois, Indiana, Eastern Iowa, and Southern Wisconsin. His shop is located in **McHenry Illinois (Chicagoland)**. He can be reached at **815.344.7780**

Information about the specific models and when they will be available:

Due to a decrease in demand of the 280cc versions, we will no longer stock that engine size in our USA warehouse. At this time, we have some stock but when this current inventory is depleted, we will import the TRS One 280 and TRS One *RR* 280 via special order only*.

* A deposit may be required by the dealer to special-order one of these machines.

However, **we do intend to stock at all times**, the models TRS One and TRS One *RR* in our warehouse in 250cc and 300cc engine sizes, and at this time we have a good level of inventory.

There has been a high initial demand for the **Adam Raga Racing ‘RR’** model and we have filled the pending orders at this time. As sales of this ‘RR’ model continue to increase, we will deliver these new machines arriving in the USA to those dealers in the exact sequence in which the pre-orders were placed, for delivery to those customers who are waiting.

With our commitment to good service, we continue to ship bikes to the USA by air-freight
Even though air-freight is more expensive, we have elected to do this to save time as ocean freight typically takes more than one month. We reserve the right to at some point switch to ocean freight transport.

PLEASE NOTE: For your convenience, almost all of our USA dealers have “demo-units” on-hand now for their customers to test-ride.

As always, we will continue to update our website and Facebook pages in real-time.
